Barbara,

Per our recent conversation, I am following up on two things:

First, can you provide me with a timeline for sleeve production, both for u-band and poly band sleeves.

Second, can you also provide me with an estimated cost of production for a regular sleeve and how it compares to the cost of a u-band and/or poly band sleeve.

If you could provide me with this information in writing at your earliest convenience, I would greatly appreciate it.

Thank you for your cooperation,
